

“I do not need cover”

Do you believe that you do not need an insurance cover because ‘you do not plan to claim’? You are not alone. It is a very common mistake to think that it is not going to happen to you.

All the life insurance companies have released their claims statistics for 2012.

The total dollars paid was \$ 4,403,212,443. This equates to \$1.521 million per day.*

In fact 70,865 policy holders and their families lodge successful claims. *

That is a lot of people who did not have a plan to make a claim- but they had to. How glad do you think they and their dependants were, to have been wise enough to take the good advice of their insurance adviser and plan for the unexpected? If these people did not receive \$ 4.4 billion from insurance policies, where else would they have got this amount of money?

Ask our insurance expert today about life insurance and income protection cover for your particular circumstances. Contact Wayne Pile at waynepile@fordkinter.com.au or mob. 0411 265 746.
